

# MUHOLLAND DRIVE

## LADWP WATER SYSTEM IMPROVEMENT PROJECT

### PROJECT DESCRIPTION

In an effort to improve the Water System Infrastructure within Muholland Dr., LADWP will be replacing 1400 feet of pipeline from October 16 through October 18, 2015. In addition to replacing the pipeline, LADWP will also install new valves and will upgrade the fire protection system within the area. This replacement project will help prevent future water main leaks experienced in the area during the past several years.

### CONSTRUCTION SCHEDULE

- Construction will take place October 16 through October 18, 2015.
- Work hours: Friday through Sunday between 8am to 5pm.
- Full street closure of Muholland Dr. between Nicada Dr. and Beverly Glen Blvd. Traffic will be detoured as shown in the map above.

### PURPOSE AND OBJECTIVES

- Improve the Water System Infrastructure.
- Reduce the Risk of Pipeline Breaks.
- Improve Fire Protection.
