 **DAISY** 

UNUSUAL ORANGE TABBY GIRL!!
Cuddly Purr-fect LAP CAT

Most Orange Tabby Cats are male, but beautiful DAISY is *all girl!!* This lovely 10-year girl was brought to the shelter when her person passed away. (A good reminder to remember to make proper arrangements for your pets in your will!!)

Daisy is **super sweet**, loves when you pet her beautiful coat and scratch behind her pretty little ears. She might seem a little shy at first (the shelter is such an unfamiliar place for her) but she warms up really fast when she sees you're gentle and kind.

Daisy is **"THE NICEST CAT EVER"** according to shelter staff. She is a cuddly, perfect lap cat who is happy to purr for you endlessly and keep you cozy company! She is beautiful too, a Tabby with deep orange and creamy tangerine stripes, a soft, fluffy tail and golden eyes.

Daisy is spayed so you can take her home with you this very day. Please come meet her, spend a little time getting to know her, and you'll surely want to make her your own little girl.

Please, Daisy needs to stay an indoor-only cat, so she can always stay safe (and flea-free!)
