REX will put a hex on you!! Seriously, just try looking into his golden color eyes without falling under a spell of pure love!! REX is around 1-year-7-months-old, and he entered the East Valley Animal Shelter as a 'stray'. He was so fearful, initially, that he was kept in isolation so he could decompress. After several days, he improved enough to be put in an outside kennel, but it took another couple of days for him to leave the cubby. Rex is such a gentle young soul that your heart goes out to him instantly! He's a big lover-boy at 69 lbs.

Rex takes a little time to get to know, but he is worth it! You will be **CHARMED** by his good looks, and also by his **INCREDIBLY SWEET** shyness! He is becoming less shy, and if you're patient with him, he will come and sit next to you, might even wag his tail, and, if you're very patient Rex might even **KISS YOU!** :) Rex loves treats and he knows to 'sit' for one. Don't cause any wrecks, but hurry to the shelter to meet sweet REX!
