ADORABLE!

JUST 3 MONTHS

You want CUTE? Here is cute!! And he is perfectly sweet too, as well as playful and full of happy purrs. SINBAD is 3 1/2 months old, already neutered and ready to go home! He's super sweet. He purrs instantly when you pick him up. He's very playful. He loves toys (be careful; he thinks everything is a toy!) Sinbad has a great personality and will do well in any cat-loving home. He has a deformed tail which gives him even more charm (not that this boy needs any more charm!) He just wants to play and be loved. Please, Sinbad must stay indoors-only, so he can always stay safe (and flea-free)!
